Safir Table Tennis Club and The Swedish Table Tennis Association warmly welcome everyone to

Sweden Star - Safir International 2025

PLAYING VENUE

Safir International will be played at Idrottshuset and Eyrahallen in Örebro with 18 tables in the A-hall, 8 tables in the B-hall and 8 tables in the C-hall (Eyrahallen).

Unfortunately, due to a water leakage, we will not be able to use the arena where we usually have table 1-8. We are sorry for this, and we hope that you all have an understanding that the facilities will not be the same as they usually are.

Because of this, we will not have any dedicated practise tables this year.

DRAW, SEEDING AND RESULTS

All draws will be made by TT Coordinator and published at <http://resultat.ondata.se>.

Seeding has been done according to the latest published Swedish, ranking and players with no Swedish ranking points have been sorted manually with consideration taken to WR, ER and national rankings.

Results will be updated frequently during the whole tournament at the above website.

For participant lists please visit the same website.

NUMBER OF MATCHES

| | |
|----------|-----|
| Friday | 643 |
| Saturday | 726 |
| Sunday | 516 |

We have as far as possible been able to follow the times we gave in the invitation but deviations may occur as it is impossible to be able to calculate the number of starters in each class in advance. If we are to succeed in keeping the time schedule during the three days of the tournament it is important to understand that the responsibility doesn't just rest on the organisers alone but also on the players and leaders being on time to respective matches.

CHECK THE RESULTS

We ask all players, after each completed match, to control that the protocol has been filled out correctly. The winner must always sign the protocol.

CANCELLATIONS

In the event of a cancellation please contact the Tournament Secretary Lars Elwin. We are very grateful if you notify us as soon as you receive information of any cancellations. This will help our planning greatly. This applies to all classes.

|--|--------------------|---|
| | BLUESTORM Z1 Turbo | - power personified |
| | BLUESTORM Z1 | - topspins quick as lightning |
| | BLUESTORM Z2 | - great speed and enormous rebound |
| | BLUESTORM Z3 | - attacking strokes like crash of thunder |
| | BLUESTORM BIG SLAM | - best-ever feel |

MADE IN GERMANY

A comprehensively thinner top surface rubber, subjected to high tension, allows space for a thicker sponge - generating extra power and speed. The DONIC Bluestorm Series offers noticeably greater acceleration whilst retaining its outstanding spin and speed characteristics, making the latest trend. The thinnest sponge is 1.9 mm, middle sponge thickness is 2.1 mm - and the thickest variation is called max+, because this sponge is even thicker than previous max versions.

Bluestorm is available in five versions. Select your own Bluestorm!

NITTAKU J TOP

Nittakus träningsboll J TOP tillverkas i Japan, i samma fabrik som tillverkar tävlingsbollen Nittaku Premium 40+.

Nittaku J TOP har överlägsen kvalitet, såväl spelmässigt som i hållbarhet, jämfört med andra träningsbollar. Dyrare i inköp, men slår man ut kostnaden på livslängd anser många att det ekonomiskt lönar sig att använda J TOP. Dessutom får man spelare som uppskattar spelegenskaperna.
